it is not something tangible and you cannot paint an exact picture when you hear the word. it is something that you, and you alone, can come up with. within our deepest thoughts will the image of something emerge. no two people's perception of image is the same. it is solely one's own possession. you cannot put a price on it. what image means to you is never the same image of the person next to you, your sibling, or your best friend. it is something unique and precious. it is something that you should never lose sight of. it is your own

Robert Crowthers shows Dennis Haskins his hand-made "Mr. Belding" fan shirt.

Mr. Belding on Campus" was an event conjoined with Thursday Night Live on September 21, 2006. Dennis Haskins, who played "Mr. Belding" on the hit 90's television show "Saved by the Bell," entertained about 400 students in the Student Center Ballroom with an inspirational lecture about possibility, hard work and his experiences on the show. He was interviewed by freshman Steve Grande, and even played a trivia game with the audience. After the show, the audience was led down to the Recreation Center for Thursday Night Live, where he signed autographs, took photos, and participated in the Rock-Paper-Scissors tournament. It was an exciting and eventful time for all who came.

The brothers of Kappa Sigma Fraternity finally got to meet one of their most famous brothers, Dennis Haskins.

THURSDAY MIGHT LIVE

Thursday Night Live is the brainchild of several departments on campus: Student Activities, Residence Life, Greek Life, the Recreation Center, and the Student University Programmers. It was created as a fun alternative to the usual Thursday night. The hope is that its popularity will grow and Rowan will be able to host TNL more frequently, thus encouraging students to stay in a safe, fun environment on campus. On September 21, 2006, students enjoyed the first Thursday Night Live of the year with free events such as "Mr. Belding on Campus," a flight simulator, photo booths, soundproof recording booths, a Rock-Paper-Scissor tournament, a hot dog-eating competition, psychics, massage therapists, caricaturists, the "Intensity" game show, a DJ, and much more. There was a very large turnout, with about 600 students having a great time!

On Thursday, October 5th, everyone's vision of wholesome Danny Tanner from Full House went right out the window when Bob Saget visited Rowan. At 9pm, about 850 students piled into Pfleeger Hall for the comedian, who discussed his life, the show, and even sang a few songs on student Austin Martinez's guitar. A good and shocking time was had by all!

HOMECOMING! PficEnt

Student University Programmers put together an excellent pageant this year. The event was a huge success and showcased many talented candidates as well as other campus oriented performers. The competition required students to model in business attire and, later, formal wear. Candidates were judged on academic achievement, community involvement, an interview, and a personal statement. It was a close competition, but judges were blown away by the impressive showings of Matt Browne and Chelsea Pizzi, who were later crowned this year's Homecoming King and Queen.

venue magazine

VENUE magazine is a great place for recovering alcoholics to unite and share their love of Woody Allen, Burlesque Shows and the 1920's. It's a great place to meet people just like you: frustrated English, Journalism and Creative Writing majors who have given up trying to write the next great American novel. VENUE is whatever it wants to be... actually, that's not true, it has to be a magazine. Correction-VENUE is whatever MAGAZINE it wants to be. It is a fusion of news reporting and creative writing with a delightful raspberry aftertaste. It covers features, humor and arts and entertainment. It is the preferred bathroom read for Tom Selleck, and Saved By The Bell's 'Mr. Belding' has raved... "umm, this looks nice."

The Freshmen Leadership Interest Program or FL!P served as an opportunity for Freshmen to get acquainted with the Student Government Association and other leadership organizations at Rowan. The program's goals were to get every student involved in a leadership role in an organization that the university has to offer. Student involved in FL!P participated in Homecoming and Holiday Helper. There were committees created during Homecoming including an Effigy, Freshmen Float, and Philanthropy. FL!P students also were involved in creating a semi-formal dance that raised funds for their philanthropy, The Valerie Fund. A Programming Committee was also created to involve the freshmen class in planning special events such as Wing Bowl.

student university programmers

Oh the elusive student activities fee. Where does it go? Why do we pay it? Well the answer is with the Student University Programmers, who use the fees, along with grants from SGA, to fund programs like Movie Nights, Turned Up Tuesdays, offcampus trips, Craft Nights, Winter Ball, Spring Week, and events like the Real World, and Bob Saget, which are free or at a minimal cost to students. Any student can join, and with committees for Live Events, Infotainment, Cinema, Arts, Off-Campus, Special Events, and Technical, there's something for everyone. The Executive Board works with these committees to plan and run events that the whole campus can enjoy.

Members of the current E-Board: Catelin McGrath (President), Jenny Ruane (V.P.), Ian Callahan (Treasurer), Gretchen Wesh (Secretary), Austin Martinez (Director of Live Events), Adam Chazen (Director of Live Events), Concetta Mineo (Director of Infotainment), Nick Murray (Director of Arts), Kaitlyn Hipshman (Director of Special Events), Rachel Zara (Director of Off-Campus Events), Charles Ackerman (Director of Cinema), and Mark Greenfield (Director of Technical Services). Advisor: Constantine Alexakos; Graduate Assistant: Joe Lizza.

new life ministry

New Life Ministry is Rowan's newest organization on campus. They were chartered in spring 2006, which makes them living proof that it is possible to create your own group at Rowan University. New Life Ministry is a Christian Organization that ministers the gospel through various forms of worship; including the singing of their Gospel Choir, dancing of their Praise Dancers, and the acting of their Theatre Arts forum. It was designed to not only give a variety of choice to the student body, but to create a creative means of worship appealing to those of young adults; stressing the point that worship is not confined to the four walls of their churches.

IEEE, pronounced "Eyetriple-E", is the world's largest technical society with over 365,000 members in over 150 countries and is a great source of technical and professional information. Members of IEEE experience unparalleled communication, opportunities, and can stay on the cutting edge of technology. The purpose of Rowan University's IEEE student branch is to further the education of its members in technical, leadership, and communication areas. We organize and participate in a number of events that include guest speakers, workshops, banquets, tours, tutoring, and community service. For more information go http://www.rowan.edu/clubs /ieee/.

interfraternity council

The Interfraternity Council (IFC) at Rowan University is the governing body of all fraternities on campus. The IFC serves as the representative body, which guides, supports, and develops the fraternity system. Some of the many goals of the IFC are:

- * promote and coordinate community service philanthropy.

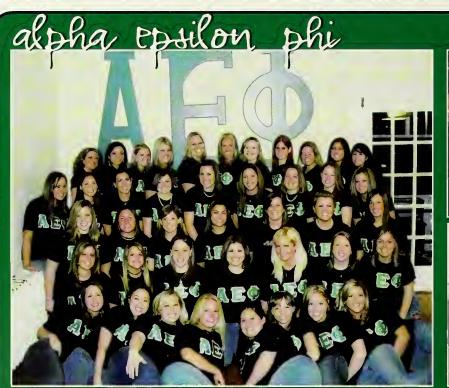

This year has been a very successful year for Sigma Sigma Sigma. Sisters participated in many service projects this year. One sister, Stephanie Coutros organized the fundraiser for cancer, known as Relay for Life. With her leadership and help from Rowan students we were able to raise \$63,000. Also in an effort to help fight childhood cancer the sisters of Tri Sigma organized an Alex's Lemonade Stand on the student center patio, fundraising almost \$700 in just one day. Tri Sigma also participated in Locks of Love and the Breast Cancer Walk to continue to help those in need.

Sigma Sigma Sigma is also very active on campus. This year Natalie Gericke won Greek Goddess of the year and Jennifer Savitsky took third place in the homecoming pageant. Tri Sigma and TKE banned together this fall to place second in the homecoming parade. To keep up with this winning streak Tri Sigma Sisters have won many championships this year in intramurals. In the spring Sigmas placed first in basketball and then were named the undefeated champions this fall in flag football. Working together with Kappa Sigma the girls took first place in the Co-ed Dodge ball Championships. Tri Sigma has and will continue to be an active participant in Rowan's Community.

Alpha Epsilon Phi was founded in 1909 at Barnard College by seven strong women. The sorority came to Rowan University to charter the Phi Kappa Chapter in 1985 making it one of Rowan's oldest standing sororities. AEPhi strives to be "Above All Else" in all that they do. In the past few years, they have won several prestigious awards including the Rowan University Greek Cup for most outstanding sorority and Presidents Cup for most outstanding in intramural sports. The biggest awards has come directly from their National as this year they won Alpha Epsilon Phi's "Best Chapter" award for the second year in a row, proclaiming Phi Kappa to be the best chapter in the nation. With all of our achievements, they have so much to be thankful for, but what they pride themselves with the most is the close bonds and friendships they foster through their organization.

AEФ

Rowan's Zeta Beta Chapter of Phi Sigma Sigma was founded on December 1, 1990, when fifty-seven young women wanted to create an organization of excellence. From their beginning in 1990, Phi Sigma Sigma has always played a very active role on Rowan University's campus, and they are known for their high spirited attitudes. In the past three years they have won numerous awards and have come in first place in an array of different events. Overall they are a very mixed organization of ladies who enjoy having a great time no matter what they may be doing. While their chapter has changed within the past fifteen years, there is a saying that all Phi Sig's live by: Once a Phi Sigma Sigma, Always a Phi Sigma Sigma.

The 2006-2007 Image Yearbook staff is pleased to present the book they have worked so hard for the past several months. The theme "Image... Is Everything" is meant to be a positive message toward the Rowan community. Each Rowan student brings a little piece of themselves and puts it into this school, creating Rowan's entire image. Image is whatever one wants it to be, and it breathes through all of us.

A lot of planning, trial and error, and creative touches go into creating a yearbook for such a unique and beloved university. Each staff member has brought his or her own touch to the book and is also proud of their final production.

A yearbook is meant to capture a school's most personal and enjoyable moments, from student-run organizations to the seniors who are graduating, to the stress of class to the cheers of sports fans. Rowan has a lot to offer, and this book has captured a lot of its best memories.

Editors, Dayna Silver and Alix McGeehan, take a look over the ladder diagram and discuss which pages should go where.

I would just like to say thank you to my staff: Alix McGeehan, Concetta Mineo, Alicia Brown, Zach Speers, Sara Tsivikis, and Caitlin Donato. You all have been amazing and I definitely could not have created this book without you. Another huge thank you goes to Emmy Kachel and Frank Spitale, even when the going got tough, you were there for me every step of the way and I sincerely appreciate everything you both have done. To my advisor, Ed Ziegler, thank you for always being by my side supporting me. To the organizations, thank you for your cooperation, especially with the written bios and extra pictures. Lastly, thank you to you, the person reading this book, because if it wasn't for you, there would not be a reason to have a yearbook. Best wishes to the class of 2007!

We were blessed on a Wednesday in June with this beautiful little princess. We waited for you for many years and you were so worth the wait.

You loved Barbie Dolls and Care Bears-teaching is a natural fit. You sang and danced from the very first years -- is your passion.

When you hit the many bumps in the road, you stayed the course and achieved your goals and dreams.

You are beautiful, smart, kind and thoughtful. We are very proud of you. As you journey through life: May God protect you, Happiness find you, Joy fill your life and Love lift your heart.

Congratulations and enjoy this wonderful time in your life. We wish you much success as your journey into your life!

We love you!
